Editorial's desk....

Dear Colleague,

SSBASICC is progressing towards academic excellence due to the valuable contribution from the SSB members and the office bearers. However this is possible only because of the strong foundation laid down by the senior members. Sushrutha, e newsletter is a platform exclusively for the members and postgraduate students to share knowledge and experience. We sincerely request all members to continue your contribution to take SSB to newer heights nationally and internationally. It's time for me to express my gratitude to the EC and the esteemed members of SSBASICC for giving me an opportunity to take Sushrutha ahead academically. I thank one and all for your valuable contribution for the same.

Thanks, Regards

- 12.Annual General Body Meeting

We express our sincere thanks and gratitude to the honorable members, seniors, mentors and advisors for accomplishing our goals successfully and gracefully during our tenure of last 12 months.

We started the year with first executive committee meeting (Executive Committee Meeting) on 12th January 2022 along with senior surgeons and all the heads of the Institutes taking part in the academic activities of the society, which was well attended and work was carried forward keeping in mind all the suggestions. It was unanimously agreed to intimate the members about the activities electronically by email, WhatsApp message and on the website.

We formed various WhatsApp Groups involving EC members, Heads of the Surgery of various institutions, PG Groups and the progress was reviewed in the subsequent EC meetings so as to remain efficient.

SSBASICC SUB COMMITTEE 2022 was formed, E C members took responsibility in various areas of our activities.

The society was associated with many other programs and various activities and were reviewed by E C every month during the E CM.

Registration for Workshop & CSEP was online through SBI Collect, this move was appreciated and accepted by all the Hosting Institutions & Executive Committee.

The monthly clinical meetings (MCM) were held at the API Bhavana, except by Command Hospital Airforce. The post graduate teaching sessions were conducted well on time. The attendance was excellent and most of the postgraduates of Surgery from various teaching Institutions actively participated. This was followed by e poster presentation and free paper presentations. Few Institutions went to the traditional way of poster presentation on display board. This year Dr Prem Kumar introduced recent advance capsule during the MCM.

The clinical meetings were excellent with good quality scientific papers and well attended online by senior members as well as consultants from various teaching and non-teaching hospitals in the city.

This year, Etiquettes and guidelines for presentation and feedback (google forms) were followed strictly for the participants to analyses the posters and scientific papers and the same was conveyed to the Heads of the institutions and to the postgraduate students, it was also uploaded in the you tube channel of SSBASICC.
