General abstract guidelines

1. Avoid abbreviations in the title.
2. Refrain from including keywords, graphs, figures, tables, or references in the abstract.
3. Use generic names of drugs or active pharmacological content, avoiding commercial names.
4. Abstracts will be reproduced as submitted; authors are responsible for language, factual accuracy, and avoiding plagiarism.
5. All residents must submit a letter from their Head of Department certifying the authenticity of the paper and the category of submission via mail to ssbasicc1974@gmail.com or via www.ssbasicc.org
6. Papers submitted for the Award Paper category will be evaluated by a review panel; if not suitable, they may be considered for Free Paper or E-Poster categories

Disqualification Criteria

Abstracts will be automatically rejected if they are:

1. Plagiarized or doctored studies
2. Non-adherent to any of the submission guidelines

Publication Rights

By submitting an abstract, authors grant the right to publish the abstract in the book of abstracts.

Paper presentation

1. The presenter must be one of the authors.
2. Proxy presentations are not allowed.
3. The paper for the award presentation should not have received an award at a national or state conference earlier. Such papers can be presented in the free paper session.
4. Podium presentation is limited to 8 minutes, followed by 2 minutes for questions
5. The judges' decision is final.

Conditions

1. The Consultant presenter should be an ASI Full member
2. Postgraduates willing to present should have the Bonafide letter from the Head of their Institutions
3. Change of presenter is not allowed.
4. The award is given only if the podium presentation is completed.
5. The author may present the same work elsewhere after SSBCON 2026 is over.

Submission of abstract

1. Submit a structured abstract (Introduction, Aims, Methodology, Results and Conclusion) in the website link provided.
2. The abstract must be limited to 300 words.
3. The selection process of abstracts for the paper presentation is blinded (Author and Institutional information will not be shared with the reviewers).
4. Entries not selected for the award presentation category may be shifted to either free paper or poster category based on the reviewer's decision.

Poster Presentation

1. The presenter must be one of the authors.
2. Proxy presentations are not allowed.
3. Poster presentation is limited to 3 minutes, followed by 2 minutes for questions
4. The judges' decision is final.
5. The poster will be presented in a E-poster format. The number of slides should not exceed 5 slides (Excluding the title slide)

Conditions

1. The Consultant presenter should be an ASI Full member
2. Postgraduates willing to present should have the Bonafide letter from the Head of their Institutions
3. Change of presenter is not allowed.

Submission of abstract

1. Submit a structured abstract (Background /Introduction, Case / Methodology, Management / Results and Conclusion) in the website link provided.
2. The abstract must be limited to 300 words.
3. The selection process of abstracts is blinded (Author and Institutional information will not be shared with the reviewers).

Video Presentation

1. Presentation duration should not exceed 10 minutes, followed by 2 minutes for questions.
2. The final video must be submitted to the AV team in advance. Loading it during the session or using personal devices is not allowed.

Conditions

1. The Consultant presenter should be an ASI Full member
2. Only consultants or practising surgeons are allowed to apply for this category.
3. Change of presenter is not allowed.
4. The author may present the same work elsewhere after SSBCON 2026 is over.

Abstract submission

1. Submit an MP4 video of not more than 1080p resolution with audio narration.
2. The video must be uploaded on a google drive link and the editor access to the file must be shared to ssbasicc1974@gmail.com
3. Abstracts must be structured under the following headings:
    1. **Background** – Brief context and relevance
    2. **Objective** – Aim of the video
    3. **Methods** – Description of procedure/approach
    4. **Results** – Key outcomes or observations
    5. **Conclusion** – Clinical relevance and take-home message

Ethical Requirements

1. Patient identity must not be revealed in any form (face, name, hospital number, etc.)
2. If identity is visible, written informed consent from the patient is mandatory
3. Institutional ethical approval (if applicable) should be mentioned
4. Any conflict of interest must be disclosed
